KESLA C645T HEAVY DUTY

At Kesla we listen and respond to the needs of a chipping contractor. We know contractors want high quality wood chip efficiently and effectively, without long downtimes on the machine. We at Kesla have invested heavily in technology to ensure the wood chip is consistently good. The usability of this machine is excellent with low maintenance.

KESLA C645T heavy duty chipper is equipped with tandem axles on leaf springs and designed for heavy duty use. It can also be equipped with hydraulic roller drive with options for pneumatic or hydraulic brakes.
